BULGARIA ENTERS WAR AS AN ALLY OF TURKEY

ARMY OF BULGARS ADVANCE ON SERBIA

Endeavor Made to Seize Railroad Line From Belgrade to Constantinople

(By Associated Press.)
PARIS, Oct. 12.—Bulgarian troops have invaded Serbia. The beginning of hostilities against Serbia by Bulgaria was a foregone conclusion since the rupture between Bulgaria and the allies. Bulgaria issued a manifesto last week proclaiming its decision to espouse the cause of Germany, Austria and Turkey. It is believed that Bulgaria will endeavor to seize the railroad from Belgrade to Constantinople via Nish.

GERMAN LINE PIERCED AND PRISONERS TAKEN

(By Associated Press.)
PETROGRAD, Oct. 12.—The Russians have pierced the Austro-German lines on the St. Ripsa river. They took 2000 prisoners, 60 officers and much equipment. The Russian advance is being pushed.

HOPE FOR SUCCESS OF PEACE MOVEMENT

(By Associated Press.)
SAN FRANCISCO, Oct. 12.—Count Okuma, the Japanese premier, in a message to the International Peace congress, voiced a hope for the success of the peace movement, but not "so long as there exist nations or individuals who believe or exult themselves as absolutely superior to others and, to assert that authority, do not hesitate to resort to material force."

LIFE IS JUST ONE IN PURSUIT OF ANOTHER

Now that the community has recovered from hay fever, or whatever it may have been that caused the nose to blow and the eyes to shower and render the disposition stormy, Tonopah is in the grip of la grippe or some other sort of influenza, differing from the summer malady in that it affects neighbor organs similarly and the original ones the same. It's just as hard on handkerchiefs and keeps the powder bags working over time. A local doctor was asked if it would last long and the satisfied look on his countenance somewhat belied his expressed opinion that it would decrease after the first rain and disappear as soon as winter sets in earnest.

CARRARA RAILROAD IS NEARING COMPLETION

A half mile of steel remains to be laid before the final spike can be driven in the quarry to town railroad. With the grade completed, as it is, and the last of the concrete culverts poured, it should not take long to drop down the remaining sections of steel, says the Ohelisk.

The electric locomotive, for down-town switching, was supposedly shipped on the 29th of last month. If it was loaded on the dot, it should be arriving here very shortly, and will at once be put into service shunting the rail cars to the passing point, from which point the horses will take them up the heavier grades.

A splendid piece of work has been done on the grade, as evidenced by the culverts accompanying this issue, taken at the culverts. Barring further delays, the road should be in operation during the month, if the cable does not suffer delay in arriving.

RAILROAD LANDS NOT INCLUDED

Auditor Germain was advised by Secretary Adamson of the state tax commission that the increase made in Humboldt county lands by the state board of equalization does not apply to lands of the Southern Pacific-Silver State.

HONORED BY CZAR

Lieutenant Ivor Lloyd, 19-year-old nephew of Mrs. Lloyd B. Thomas of Carson, a member of the British aviation corps, has been decorated with the Legion of Honor by the czar.

RED SOX TAKE FOURTH GAME OF THE SERIES

Philadelphia 10 Boston 1

(By Associated Press.)
BOSTON, Oct. 12.—The world's championship is almost within the grasp of the Boston Americans. The Red Sox champions of the American league trimmed the Philadelphia Nationals by a score of 2 to 1 in today's game. Ernest Shore's fine pitching held Philadelphia to one run while opportune batting sent enough runs over the plate for Boston to win. Boston has won three games and Philadelphia one. Lewis' outfielding and Adonis' batting featured the game. Tomorrow's game will be played at Philadelphia and Alexander will probably pitch for Philadelphia. The attendance was 41,096.

OPPOSITE EXTREMES REPLETE WITH DANGER

(By Associated Press.)
SAN FRANCISCO, Oct. 12.—Vigorously defending state regulation in its relation to business and particularly the railroad rates as opposed to what he characterized as a tendency toward complete federal regulation, Clifford Thorne, president of the National Association of Railway Commissioners, in his annual address at the organization's convention here, said today that the issue between federal and state regulation was vital and was based on fundamental conceptions of government.

The relative merits of a strong centralized government and a federated government were reviewed by the speaker, who urged the retention of regulatory power by the states as a distinctive part of the "great American experiment," the federal plan. "Too much 'nationalism' is just as wrong as too much 'states' rights.' There is a happy medium," said Mr. Thorne.

"It is not this government as an organization, not the several states, but the combination in one federal plan that has rendered such a distinct contribution to the welfare of humanity. It is this federal plan that must be most jealously guarded. A tendency one way or the other, towards centralization or towards decentralization, is dangerous."

STILL A SOLDIER AT EIGHTY-SEVEN YEARS

OLDEST MAN TO SERVE ACTIVE- LY IN THE SERVICE OF THE KAISER

(By Associated Press.)
BERLIN, Oct. 12.—The man who probably is the oldest to serve actively in the German army is 87-year-old Chief Hospital Inspector Engel of Thale, who went through the campaign of 1870-71 as hospital inspector, then became barracks inspector, retired five years ago on a pension and then enlisted for the present war. He was first called upon to organize a hospital at Oschersleben, and then was put in charge of the institution in Thale, with its 468 beds.

Max Metzger of Landau of the Palatinate, aged 76, another veteran of 1870, is one of the comparatively few whose son and grandson are actively serving along with him in the war. He volunteered from Karlsruhe last fall, and now is a non-commissioned officer in the Grenadier Body Guards. His son, Siegmund Metzger, aged 44, is a corporal in a force stationed at Karlsruhe. The latter's son, 17 years old, is a non-commissioned officer in a Baden infantry regiment now at the front.

PENNANT LEADERS WILL PLAY ON THE COAST

(Special to the Bonanza.)
BOSTON, Oct. 12.—The Boston Americans and Philadelphia Nationals, who are now battling for the championship, will go intact to the Pacific coast for a series of games beginning at San Francisco on October 23. They will also play at San Diego and at Los Angeles.

MASQUERADE BALL IS AN EMINENT SUCCESS

Tonopah local, No. 426, A. F. M., gave its annual masquerade ball last evening in Miners' Exchange hall and the function was an eminent success both socially and financially. The American Federation of Musicians is a strong organization in this city. The members have organized themselves into several bands and orchestras, chief among which is the Tonopah Military band, which, under the skilled direction of Prof. A. W. Carl has become recognized as the premier musical organization in the state.

During the fore part of the evening the floor was reserved for ladies and gentlemen in costume, but after the prizes were awarded and the masks were lifted, the floor was free to all present. The dance lasted until a late hour. Following were the recipients of prizes:

McCormick, best sustained lady character, "Nevada"; Lewis Croner, best sustained gentleman character, "Indian"; George Holsted, most original character, gentleman, "Soldier"; Mrs. Byrnes, most original character, lady, "Aft Nations"; Jack Whitman, funniest character, "The Jew"; Miss Smith and Miss Scott, best group, "Two Scotch Lassies."

ORE IN NORTH MERGER VEIN

A drift has been started westward on the north Merger vein, which was cut in the bottom level of the Victor. This is a large vein and the drift does not include its full width, but is following from a foot and a half to two feet of an excellent grade of ore. The Victor crosscut is being continued toward Extension ground. It will require about two months to reach the Murray vein, in which direction the working is headed.

FILES ANOTHER SUIT AGAINST EXPRESS COMPANY

District Attorney Powell has filed a suit against Wells, Fargo & Co., to recover taxes due for the year 1914, amounting, with penalties and costs, to \$509.25. The first suit, for the collection of the tax for 1909, has been appealed to the supreme court of the United States by the express company, and upon the decision will depend the outcome of the annual suits brought since that time.—Winnemucca Star.

WEST END LOOKING WELL

Some material improvement has taken place in the West End Consolidated within the past few days. From the west 650 winze a crosscut to the hanging wall is in progress, as well as a raise. The values are improving. The face of 641 drift west has also considerably improved in value.

ARMED NEUTRALITY COURSE OF GREECE

"To Interest of Hellenes That Bulgaria be Crushed in This Contest"

(By Associated Press.)
LONDON, Oct. 12.—The Greek chamber was informed this morning by Premier Zaimis that in order to better assure the vital interests of Greece her neutrality "will for the present be armed," says an Athens dispatch. He expressed the belief that the government's course has the support of the people. In replying, former Premier Venizelos said: "It is not a question of whether we ought to make war, but of when we ought to enter the war. In any case we ought not to allow Bulgaria to crush Serbia in order that she may then attack us with all her forces. The National Soul says it is to the interest of Greece that Bulgaria be crushed. If Bulgaria should triumph Hellenism will be vanquished."

BULGARIAN ATTACKS DECISIVELY REPULSED

TROPHIES ON EXHIBITION

The members of the mine rescue and first aid team that represented the Tonopah Mine Operators' association at the Panama-Pacific tournament at San Francisco are very proud of the trophies they brought home, as well they might. Inasmuch as the team was disqualified from the main contest, because it did not represent a single mining company, it was a demonstration of its splendid work that it took two out of the five trophies offered, both of which are beautiful silver cups, lined with gold, beautifully chased. They are on exhibition in the Miners' drug store window, together with a view of the contestants and one of the contests, as well as the medals which were awarded the individual members of the team.

CARSON PIONEER DEAD

August Cutts, an old pioneer of this state, died suddenly at his home in Carson yesterday afternoon. The deceased had not been well for the past few months, yet able to be up and around. A clot of blood in the heart was the immediate cause of his death. He was a native of Randolph, Maine, and aged 78 years. He came to Nevada in 1863 and for many years was superintendent of the Victorian mill on the Carson river. To mourn the loss of a devoted husband and father are his widow and two daughters, Mrs. Frank Meder and Mrs. A. H. Borderwick, all living in this city.—Weekly.
